Rocky Mountain Customer Service Region
P.O. Box 3700
Loveland, CO 80539-1580

Mr. Jason E. Frisbie
General Manager/CEO
Platte River Power Authority
2000 East Horsetooth Road
Fort Collins, CO 80525-5721

Dear Mr. Frisbie:

Thank you for submitting Platte River Power Authority's (Platte River) Integrated Resource Plan (IRP) to the Western Area Power Administration (WAPA). The IRP has been reviewed and approved and will be effective until July 1, 2025. Data from WAPA's customers will be consolidated and included in an annual report provided to Congress and others summarizing customers' accomplishments in fulfilling the requirements of the Energy Policy Act of 1992.

Section 905.23 of the Energy Planning and Management Program (EPAMP) as amended effective July 21, 2008, facilitates public review of customers' IRPs by requiring that a customer's IRP be posted on its publicly available website or on WAPA's Web site. Platte River has and will continue to post an electronic copy of the IRP on its website and WAPA acknowledges its compliance with EPAMP's IRP posting requirement.

WAPA's Energy Services website (<https://www.wapa.gov/EnergyServices/Pages/energy-services.aspx>) provides extensive information on integrated resource planning and reporting requirements.

If you have any questions or require assistance in implementing PRPA's IRP, please do not hesitate to contact Robert Scrivner at (970) 461-7322 or rscrivner@wapa.gov. For purposes of annual reporting, PRPA's next annual progress report will be due by July 1, 2021.

Sincerely,

David Neumayer
Vice President of Power Marketing
Rocky Mountain Region
