

Invitation to Bid – Revised 07/13/2022

Platte River Power Authority (“Platte River”) will receive bid proposals for the 24” Waterline Reroute Project, Specification No. RH22-1847 (“Bid Proposals”), electronically at contractadmin@prpa.org, until **3:00 p.m.**, local Mountain Time, **Thursday, September 1, 2022** (“Proposal Submission Deadline”).

Platte River seeks a contractor to reroute Platte River’s 24” offsite water supply pipeline at the intersection of Larimer County Road 9 and County Road 70 (Owl Canyon Rd.). Larimer County is installing a box culvert and roundabout at the intersection. Roughly 1,400 to 1,500 feet of Platte River’s 24” waterline must be rerouted to keep it from being in conflict with the box culvert and out from under the roundabout as much as possible. The contractor hired for the reroute will work closely with Platte River, Larimer County, and the contractors hired by Larimer County for the overall roadway project. It is imperative that all parties coordinate and work together at all times.

Platte River will only consider Bid Proposals from bidders who submit their qualifications per the Platte River prequalification form requirements and are approved based on their submitted qualifications. Completed prequalification forms must be submitted electronically at contractadmin@prpa.org by **11:00 a.m.**, local Mountain Time, **Tuesday, July 19, 2022**.

Platte River will disseminate the bid specifications to prequalified bidders. The bid specifications will be ready on or about **Friday, July 29, 2022**. It is the responsibility of each prequalified bidder to ensure that they receive the bid specifications.

Prequalified bidders are **required** to attend a pre-bid meeting at **10:00 a.m.**, local Mountain Time, **Tuesday, August 2, 2022**, at the Rawhide Energy Station. The pre-bid meeting is designed to improve the prequalified bidder’s understanding of the waterline reroute scope and answer questions relating to the services.

Prequalified bidders may submit questions relating to the waterline reroute by **3:00 p.m.**, local Mountain Time, **Thursday, August 11, 2022**, to contractadmin@prpa.org. Platte River will send responses to all received questions electronically to all prequalified bidders on or about **Thursday, August 18, 2022**.

No Bid Proposal may be altered, withdrawn, or resubmitted within 90 days after the Proposal Submission Deadline. The successful bidder will be subject to the same equal employment opportunity regulations as Platte River.

Platte River reserves the right, in its sole judgment, to accept the Bid Proposal(s) that is the most advantageous to Platte River and that represents the best overall value to Platte River, taking into consideration the price and other evaluation factors set forth in the bid specification, and to reject any Bid Proposals, and to accept or reject any portion in any Bid Proposal(s) that is submitted. Bid Proposals received after the Proposal Submission Deadline will not be considered.

<u>Summary</u>	<u>Date and Time</u>
Prequalification forms due	11:00 a.m., Tuesday, July 19, 2022
Bid Specification sent to prequalified bidders	On or about Friday, July 29, 2022
Pre-bid meeting (Required)	10:00 a.m., Tuesday, August 2, 2022
